THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

TROTSKY DISCIPLES ORGANIZING IN THE UNITED STATES

While Leon Trotsky is seeking another refuge and turning his eyes towards the American continent, following his exiling from France, a branch of his Fourth International, an organization for fomenting revolution against the capitalist nations of the world, is flourishing in New York under the guidance of Arne Swabeck, secretary of the Communist League of America. According to Max Eastman, well-known Socialist editor, similar branches have been organized throughout the country in key cities. The Fourth International differs from the Third, now in power in Soviet Russia, in that it is more extreme, in effect a Left Wing movement opposed to the regular Communist Party. Fourth internationalists believe that communism must fall unless he entire world takes part in the overthrow of capitalism.

PRINCESS "LILIBET" CELEBRATES HER EIGHTH BIRTHDAY

It seems only yesterday that Princess Elizabeth, eldest daughter of the Duke and Duchess of York, was playing her name, "Lilibet," and looking forward with childish delight to celebrating her third birthday with her royal grandfather, King George. On April 21 she celebrated her eighth birthday anniversary at Windsor Castle, where a large birthday cake, made by the King's chef, was the big attraction. The after, and she often attends public functions with the Duke and Duchess of York. On the right is a picture of Princess Elizabeth at the age of four. On the extreme left she pulls up her socks before entering the Olympia for the important business of witnessing the military parade. Below, center, is a close-up of the serious young lady as she sees the Tattoo at Alderhot, while above she is shown with Margaret Rose, her sister, all dressed up for a fancy dress party.

WILL CAROL BANISH FAVORITE TO SAVE REVOLT?

Following revelation of a plot to assassinate King Carol and his red-haired friend, Mrs. Magda Lupescu, Prince Michael and many government leaders, the Romanian cabinet is reported to have informed the monarch that the only way to save the country from a Fascist or military dictatorship is to banish Mrs. Lupescu. So far King Carol does not seem to have acted upon the advice of his government and the proposed reconciliation with his divorced wife, ex-Queen Helen, seems as far away as ever. It is believed the views of the Romanian cabinet are shared by Premier George Tataru, the most powerful man in the country, whose efforts were responsible for discovery and foiling of the wholesale murder plot.

MISSING MARINE ACE

Lieut. David L. Cloud, U.S. Marine Corps flier, who was reported missing by the Navy Department after his plane crashed into a target being towed at sea off Virginia Beach, Va. He was one of the best fliers in the government service and is shown with the Schiff trophy he received from President Roosevelt last January.

NEW M. P.

Almon Secord Rennie, carrying the Liberal standard in the Dominion by-election at South Oxford, Ont., who captured the seat with a large majority. His political opponent was Hon. Donald Eustachy.

CONFUCIANISM REVIVED

Although the Nanking government frowns upon all forms of superstition and upon religious worship and has closed or confiscated hundreds of temples, the Canton regime is officially sponsoring a revival of Confucianism and it, in effect, making it a state religion.

Under a new ruling all canned salmon imported into Australia must bear a definite indication of the particular species of salmon contained in each tin.

REPRESENTS CANADA

J. F. Singleton, dairy and cold storage commissioner, Canadian Department of Agriculture, who is representing Canada at the tenth World's Dairy Congress being held at Rome and Milan, Italy, April 30 to May 6.

INVERTED FIGURES ON COINS

Everybody around Halifax is closely scanning all old coins. Recently a letter was received at the office of the Halifax board of trade requesting information about the value of a Nova Scotia half-penny of 1822.

The letter was referred to E. J. Vickery and he said that if the coin was actually dated 1822 it would be worth up to \$10.00. The reason for this high value for a mere half-penny is the fact that when the copper coins were being run off the plate some of them were printed with the numbers 5 and 3 inverted. This mistake was discovered and corrected, but not before a number of coins had been run off and circulated.

PICTURESQUE SCENE GREET'S PRINCE GEORGE IN BECHUANALAND

When Prince George was in the Bechuanaland Protectorate during his tour of South Africa, he paid a visit to Gaborone to attend the native celebrations and sports held in his honor. This remarkable photograph, taken under the burning African sun, shows a group of Wayfarers Native Girl Guides performing the "Pot Dance" before His Royal Highness.

A Few Items of World Interest

Dr. John Sparrow, leader in the anti-pasteurization movement in Canada and the United States during the last 30 years, died at his home at Bowmanville recently. He was an outstanding lecturer in veterinary science and served many years in universities and colleges in Canada and United States. Despite the refusal of federal aid, the city of Calgary will grant \$24,000 a year to the medical society for services rendered relief recipients. It is hoped the provincial government will contribute a like sum.

The draft of a new Franco-British trade treaty is in the hands of the French ambassador in London and will be the basis of negotiations to end the present tariff war between the two countries.

Hugh H. Rowatt, C.M.G., deputy minister of the interior, has been superannuated as from April 1. It was announced. It was also stated that the term of Dr. A. V. Doughty, Dominion archivist, was extended for six months from the same date.

A committee of experts appointed by the Commonwealth government proposed a comprehensive plan for the development of northern Australia which would include construction works, tariff reform and a large government loan.

NOT A "WHITE ELEPHANT"

Far from being a white elephant, the Canadian National Steamships has given back to the people of Canada \$2,575,305 more than taxpayers paid for its maintenance up to the end of December, 1933. F. G. Wood, freight traffic manager of the steamship line, told a service club at Montreal.

INSULL SUPERSTUGE

Waxing confidential while en route to the United States, Samuel Insull described to newspaper correspondents how he fooled Greek police. A little black hair dye and removal of his spectacles changed the erstwhile Chicago utilities czar from the man at the top to the more youthful one below.

Plans for an aeroplanes flight to Russia with a cargo of samples of American manufactured articles for display in Russian cities have been announced.

"What time do you want to get home, Doris?"
"Please yourself, Percy. I'm in no hurry!"

—The Humorist, London.

CLEANING-IN THE POTATO PATCH OF THE GENTLEMAN FARMER

9-12-34

Oxford Group House Party

MORE than 700 delegates to the Oxford Group House Party held recently at the Chateau Frontenac, Quebec, photographed in the courtyard of the famous hotel. Representatives from all the larger Eastern Canadian and United States cities attended. Another large House Party is being considered for the Squaw Springs Hotel, magnificent Rocky Mountains resort, early in June.

Gleanings of Interest To the Women Folks

By THE GLEANER

The W. A. met at the home of Mrs. Hunter on Wednesday afternoon.

Mrs. A. Hoyer entertained Mr. and Mrs. Smith and little Robert, of Seattle, in dinner on Wednesday.

Miss Wilma Robinson, teacher at Currie, was in town over the weekend, staying with her parents, Mr. and Mrs. W. T. Robinson.

Mrs. Hutton-Potts (nee Margaret O'Brien) was seen in town over the weekend. She drove back to Pouce Coupe in their car, which her brother, Hugh, had brought from Edmonton.

C. W. L. MET WEDNESDAY
The C. W. L. met at the home of Mrs. McKenney on Wednesday night. The business meeting was followed by the Study Club talk.

DRIVE OUT TO DAWSON CREEK
Mr. and Mrs. Fred Hickman and Miss McLaughlin drove out to Dawson Creek on Sunday. Mr. Hickman left the family there, bringing Mrs. Hickman and Donald back on Wednesday. Miss McLaughlin stayed on.

GIVES CARD PARTY TO RAISE TALENT MONEY
Mrs. Haan, to raise talent money for the C. W. L., entertained at three tables of bridge on Monday night. After a thoroughly enjoyable game, Miss North began the evening with the first prize and Miss Francis the consolation.

A delicious lunch was served.

OPTIMISTS STILL CARRY ON
Most of the bridge clubs have given up the ghost for the summer, but the Optimists—leave, strong souls—continue to play their game, are very much alive! They met Wednesday night at the home of Mrs. J. H. Sissons, where Mrs. H. L. Vaughan got the high award and E. Jackson second.

SUNDAY VISITORS IN SEXSMITH
Mr. and Mrs. Hector Morrison visited the MacNaughtons in Sexsmith on Sunday.

Mr. and Mrs. A. Hoyer and Norman were also visitors in Sexsmith that day.

day and were the guests of Mrs. W. Smith.

The roads were fine as far as Meville Hill, but very muddy from there on to Sexsmith.

SHOWER GIVEN
On Saturday evening, April 28, Mrs. Henry Runtz was hostess at a miscellaneous shower in honor of Miss Gertrude Strong, bride-elect of this month.

An enjoyable time was spent in various contests. Miss Betty Eager winning the prize. The room was prettily decorated with streamers, and at the end of each streamer Miss Strong found a lovely gift.

A delicious lunch was served by the hostess, assisted by Miss Rita Robinson, Miss Gertrude Strong, and Miss Helen Watson.

Those present were: Mrs. Laymont, Mrs. Runtz, Mrs. Jackson, Mrs. C. A. Shiley, Miss Strong, Mrs. Pearson, Downey, Hillborn, Alice, Hamilton, Ford, H. Robertson, H. Eager, and "Dorothy" Watson.

SPRING CLEANING AND DECORATING
Now our thoughts are turning lightly to love, and more ponderously to various cleaning and redecorating. Think these hints on polishing the surface, and machine-stitched embroidery will be timely.

Polish the Surface. Our grandmothers knew what they were doing when they used bees-wax and turpentine so assiduously. They recognized that once a surface takes on a good polish it is easier to dust and simpler to keep clean.

Today we are using certain creams for many purposes besides the polishing of floors and furniture. Woodwork that has been treated with enamel paint will not fade if you use a reliable furniture polish over it. White paint will not need waxing except at very long intervals, for an occasional rub with the polish cloth will at once remove dust and bring up the original luster.

Use furniture cream on your porcelain bath and built-in basins, on your floors, tiled sink basins or those of your cooking range.

Your painted furniture will not deteriorate or darken with exposure if they are polished with cream and will shine in a lasting beauty.

Machine-Stitched Embroideries. The busy woman who delights in dainty stitching, but has not the time for handwork, may find machine-stitched embroidery an easy way out. This is done simply by stitching along the lines of the design with the ordinary machine needle and no special attachment. Use a heavier thread than usual on the top part of the machine and fasten the ends on each side on the right side. Or use embroidery thread on your shuttle, when you would have to work the design on the wrong side. The heavy thread will be the color you choose for the decoration.

By this simple method designs can be made on quilting and embroidery, and decorative items stitched in a very short time.

THE ADVANTAGES OF AMBIGUITY
Children in our schools are still victimized if they are left-handed.

"Charlie Reed, the novelist, once argued the necessity for the nation being ambidextrous—skilled in using both hands. He claimed that since use of the right hand led to a greater development of the left side of the brain, better use of the left hand would help to develop the right lobe.

Undoubtedly it is not all of the gods. Several races have it, notably the Chinese and the Japanese. It is found in all of their childhood. Three per cent of English people are two-handed.

"R.P.", the Chief Scout, taught us to use his left hand. He said his other hand been bitten by a mad dog. Nelson is the classic example of a left-handed leader. He lost his left eye after losing the power of his right.

THE CANCER WHICH IS EATING INTO THE HEART OF THE SYSTEM
Dr. Morris Robb, in "Memories of the Unemployed," writes a book more timely than Dickens or Gorky, or Zola at his grimest and most mordid. It is the Descent into Hell for millions of people.

In this book individual men have written down their actual experiences of how the unemployed, experiencing an acute sense of isolation, begin to feel that they are being pushed over the edge. The unemployed are not merely a lot of figures. Each is a separate individual with a different personal problem.

The unemployed are not merely a lot of figures. Each is a separate individual with a different personal problem.

They are not merely a lot of figures. Each is a separate individual with a different personal problem.

They are not merely a lot of figures. Each is a separate individual with a different personal problem.

Paragraphs of Personal Interest

Otto Grunsky of Hull was a visitor to town Tuesday.

The Rev. Eric Jackson, returned from Edmonton on Tuesday's train.

Mrs. Runtz will visit her parents, Mr. and Mrs. Hutton-Potts, on last week.

Hugh O'Brien drove from Edmonton on Mr. Hutton-Potts' car last week.

Mrs. Joe Gillette of Valleyview was a weekend visitor to Grande Prairie.

Miss Allan Walter of Pipestone Creek, a business visitor in town this week.

R. B. Paul, representing 29th Century Clothing, was a visitor to town on Monday.

Mrs. T. Blair left for Edmonton on Tuesday night to visit friends at the Capital City.

Mrs. R. McArthur and Mrs. Field of Delbert were visitors to Grande Prairie on Wednesday.

Mr. Geo. K. Hines of Beaver Lodge was a business visitor to Grande Prairie on Wednesday.

Mr. Raymond left on Tuesday's train for Regina, where he will take three months' corporate training.

E. Corman, a passenger on Friday's train, from Edmonton en route to his home in Rose Prairie.

W. B. Davis of Moose Jaw, representing a business visitor to town, was a weekend visitor to town.

On Monday night Constable Blair gave a stag party at the Haymarket to a farewell home to Mr. Raymond.

Gerth and Hugh O'Brien, who are taking medicine at the University of Alberta, are back home for the summer vacation.

L. R. Loppman of Los Angeles, on Friday last, arrived at the Grande Prairie, where he will stay in the country.

J. R. Scott of Halifax arrived at the Grande Prairie during the week, where he is on a visit to Delbert, where he is the student missionary for the United Church for the past few months.

"Sonny" McKone of Winnipeg, who was operated on at the Municipal Hospital for appendicitis, was able to leave on Tuesday and was taken to his home by "Joe" Dickinson, Elmwood merchant.

The following were among the visitors to town Tuesday: Gertrude Steeves, representing 29th Century Clothing; Bert Fowler, representing Smith, Davidson & Wright; and J. Taylor, Midwest Power Sales.

Bill Ford of the East End was a visitor to Grande Prairie on Saturday.

The Ford brothers are large farmers in their district, and in conversation with The Tribune reporter, Bill stated that they were cutting their wheat acreage somewhat this year and would plant oats and barley instead.

A letter has been received in town from "Scotty" Patterson, formerly of town, who went to Vancouver from Grande Prairie a few weeks ago. He expressed an snapshot of himself and Syd Samuels taken in the latter's beautiful garden. "Scotty" may be in there to stay.—From The Northern Gazette.

N. M. Ostry, representing the Dominion Colonization Company, agents of the Canadian Land, passed through Grande Prairie on Friday en route to Dawson Creek. Seen by The Tribune reporter, Mr. Ostry, who lives at Edmonton, said that this was his first trip to the Peace River and was taken simply to make a survey of the area proposed for the railway.
